## **RENEW 2.0 QUESTIONNAIRE**

Three years ago we identified our RENEW vision—"Renewing our Community Through the Gospel"—and identified 5 ministry objectives and 1 operational objective. These objectives or broad goals are listed below.

As we prayerfully consider the next chapter of implementing our RENEW vision, we would like to know any thoughts or ideas you may have about ways or initiatives we could undertake to help fulfill these objectives over the next three years. After working through the prayer booklet, please give us your feedback on each objective so that together we can participate in shaping RENEW 2.0.

1. The first objective is to *develop and implement a clear discipleship pathway for people to know the gospel and live it out in all areas of their life.* Do you have any ideas of how we could be more effective in implementing this objective?

2. The second objective is to *become known for seeking the common good of the city*. Do you have any ideas of how we could be more effective in implementing this objective?

3. The third objective is to *utilize current technology to contextualize the gospel for our culture*. Do you have any ideas of how we could be more effective in implementing this objective?

4. The fourth objective is to *grow our under 40 demographic while engaging those over* 40? Do you have any ideas of how we could be more effective in implementing this objective?

5. The fifth objective is to *multiply gospel centered congregations*? Do you have any ideas of how we could be more effective in implementing this objective?

6. The operational objective is to *develop a strategic review of our resources (staffing, building, budget/generating income).* Do you have any ideas of how we could be more effective in implementing this objective?

7. Is there anything else you would like to share about how to fulfill our vision?

NAME :		
Are you currently serving in a leadership role in a Central ministry?	YES	NO
If YES, which ministry/ies?		

Thank you for your participation!
